the new millennium*

## Important Community Notice

Please be advised that **mailbox theft** has been reported in the Estate.

There are a couple of ways to help stop mail theft.

- Don't allow sensitive information such as bank details, credit card transactions, ect to be left for a prolonged period of time in your mailbox. Consider choosing an online option of receiving banking details.
- Consider upgrading utility bills to paperless. Often utility bills are one of the things needed to show proof of residence to start a new account.
- Consider upgrading your mailbox locks and make sure your mailbox closes tightly and is locked.
- Make it a habit to pick up your mail each time you come home.
- Another step in preventing mail theft is to have your neighbours, ones that your trust, remove your mail when you are working late or gone for a couple of days.
- Arrange for your mail to be delivered to a Post Office box.

**Mail theft can be prevented and you can assist by reporting any suspicion active to security (0405 071 553) or Burwood police (9745 8499). The police report that they are most likely looking for credit cards.**

If your credit card or information has been stolen PLEASE LOGDE A POLICE REPORT TO BURWOOD POLICE OR THE COMMUNITY POLICE HOTLINE 13144.
